General Board Comments: Meridith Balas appreciated Director Travinski's detailed reports, and the reminder of new things to go check out. She's looking forward to getting her pool passes. Jenny Thoma did get early bird pool passes and appreciated the early availability. She also noted improvements to the wave apparatus at Krepps seem to have worked well, as that is quieter and less squeaky when moving. Jenny Selin inquired about drainage along the trail; BOPARC is aware of that and are considering additional drain options down that hillside. She also appreciates the aesthetics of the Krepps facilities as well. Susan Klingensmith is looking forward to pool passes and appreciates seeing everything blooming and all the progress being made. Amel Morris appreciated Director Travinski's detailed reporting and thorough grasp of everything that's going on. Danielle Trumble met with Director Travinski to walk the dog park; made plans, talked to the trails manager. She noted that volunteer opportunities for painting and mulching that area will be available.
